### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alan Israel on 7/22/04.

The application has been amended as follows:

In claims 43,51,55 and 62, the phrase "for discriminating between adjacent Bragg gratings" is **deleted**,  
and **replaced with**  
", such that intensity of light reflected from gratings adjacent in wavelength is used to discriminate between the gratings adjacent in wavelength"

### ***Statement of Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: Claims 43-63, as presently amended, are allowed.

Prior art fails to disclose a strain sensing apparatus or method as set forth in the claims, having a plurality of gratings spaced along a waveguide, the gratings each having differing characteristic wavelengths which change in dependence upon a change of physical length of at least part of the grating , in which the intensity of reflected light is used to discriminate between gratings adjacent in wavelength, or in which different gratings reflect different numbers of characteristic wavelengths.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Scott Alan Knauss whose telephone number is (571) 272-2350. The examiner can normally be reached on 9-5 Monday-Friday.
